To Whom this may concern,

Re: Australian Risk Applications

DB Schenker has been a client of ARA for over 10 years and we look forward to continuing this relationship into the future.

ARA has provided invaluable support in arranging cargo and liability coverage for local risks which fall outside the parameters our global policies. This has included a significant fleet of chartered tugs, barges and heavy lift vessels.

The ARA team is knowledgeable, commercially minded and accessible; a rarity in the insurance game.

Sincerely

Mark Rodgers
National Legal Manager
Schenker Australia Pty Ltd
